SILENCE OF MURDER

BIO

Abhishek Kumar Anmol started implementing his career with poetry in the form of nature, justice, crime, the deep lesson given by the mother soul which vanishes early, and how to sustain in this world. The book's name is – A Fossil of Time, Dawn in the Day, An Echo of Silence, The National Flames of Decades and an anthology that describes the lean down and waves rising of the new day. A young enthusiast whose favourite field of profession is the film industry. I started my studies at a film institute, with a passionate mind that leans towards my goal in writing, acting, directing scriptwriting, plays etc. It has tended him to show his talent in the writing world through a poetry book "Fossil of Time". It is the first stepping stone of life. He aspires to make a feature film. A soft thinker of society towards helping poor, descendants to let them grow up. Through his writing, he always conveys a positive happening in our society. The poem tells a deep notion of time, showing poverty, nationhood, and a brotherhood that binds every person in our society. The patriotism that can connect every heart, the poverty that makes a person beg. I always dedicated my life to my mother they are not alive in this world but they give a huge amount of blessing. Can I pay my life to his soul and always feel happy?

The fossil of time conveys a message, about how a person faces different phases in his lifetime, there is an endless path to walk without any fear of what you achieve in your life. I learn a lesson when a mirror shows different circumstances of life—the positives and negatives of the society we must accept. Our soul is impure unless it knocks on the door of hell or heaven when the earth is surrounded by good karma and bad karma. We do not see the whole galaxy with our naked eye. Wishes never lament it has no boundary which fulfils our dreams. The soul which is left is not touchable but we know that it is inside me. The truth seems bitter but we have to accept it. I get the power when I see the immortal you..

FOSSIL *of* TIME

THE BOOK, **FOSSIL OF TIME**, IS WRITTEN ON THE PERSPECTIVE OF TIME SCALE, MANAGEMENT, OBSTACLES, TO BUILD ENTIRE ENLIGHTENMENT, AND LIFE CYCLE.

THE BOOK DESCRIBES HOW THE TRAIN TRACK IS STILL WHILE THE TRAIN MOVED SPEEDILY. WE LEARN THE LESSON, "HOW TO NEVER LET THE NEGATIVE THOUGHTS SEEP INTO OUR MIND."

THE GOAL OF THIS BOOK IS TO INTRODUCE THE VALUE OF TIME IN THIS LIFE. THE INVISIBLE PULSAR IN THE SKY WHICH WE CAN'T SEE THROUGH OUR NAKED EYE.

EVERY PERSON HAS A WISH TO ACQUIRE THE HIGHEST POINT. MY DESIRE IS MY PATH TO FIND MY GOALS.

O LORD! I DON'T KNOW HOW TO WALK BUT MAKE IT EASIER TO ACHIEVE THE GOAL. ALWAYS BE ATTENTIVE TO MANAGE TIME. TIME HAS ITS OWN VALUE UNTIL IN THY HAND.

ARTISTIC STATEMENT:-

When I think about the artistic statement of the project it can justify the crime vision in the society. When three friends were stuck in the share market and lost the share price in the market came nearby to kill his friends. I can target the student age group when stuck in the share market and lost a huge amount of money in the market. I can explain my art is of action and psycho-thriller genre. It can depict the impact of the low light essence of the vision which is the symbol of the loss in the market.

STORY-SILENCE OF MURDER

The story is about three friends of silence and a false message which is a sign of loss of money and life. They all are business partners. A crime happens when a single mistake occurs and they are not aware of it.

Rohan is a 23-year-old boy and student at an engineering college. Sonu is a 22-year-old boy and a student at an engineering college. Amit is a 21-year-old boy, so innocent child who belongs to a high-class family. They all are business partners.

It is around 5 pm and the climate is like cool blowing wind. Rohan and Sonu are sitting in their room and waiting for the opening of the share market.

On Monday when Rohan and Sonu ask him about the money, they will be investing in the share market. But Amit is quite sensible and stopped him from investing any money in the stock market. Amit is not interested in investing, he is investing a small amount of money.

He is giving small and large amounts of money to Rohan. Amit always stops Rohan from investing any money because he loses a large amount and is aware of it. After one-month Sonu calls amit when Amit is having breakfast and receives a call. Sonu is asking about money but he says, I have no money and drops his call. A message is from a local investor and this is a fake message.

After a few days, he loses all of his money. This is completely planned by Rohan. They stepped towards a stage of crime. Rohan and Sonu never admit the whole issue from them. Money is a big issue that they have, a terrible physical and psycho planning to harm other people. At last, they never realize about the friend and they only believe in money and nothing else.
